## Good vibes for the whole family

You don't need to believe in Feng Shui to enjoy the positive energy in this double-storey home (although if you do, you'll be pleased to notice the staircase facing away from the front door).

The Aspen features a streamlined design that's ideal for narrow lots, with a tall window in the kitchen that welcomes the light and brings the outdoors inside. Despite its compact shape, there's plenty of space in the Aspen, including two linen cupboards, under-stair storage and a large walk-in pantry. For larger families, choose an additional bedroom in lieu of a leisure or living room, to let the good times roll.
