A beautiful home for big families

The Nevada is a large, four-bedroom home that's designed for families of all ages. It features at least five different living areas, so everyone can do their own thing, whether it's hosting guests in the living area or playing in the rumpus room. A combined family and meals area transforms the kitchen into a beautiful entertainment space, which you can extend outdoors to the alfresco area when the weather is right. The walk-in pantry means you'll spend less time on smaller shopping trips and more time with your loved ones. Whether you're entertaining guests or enjoying time with the family, the Nevada has everything you need for a big family.
